

Nursing Home Fire Reporting

In accordance with Ohio Department of Health and the State Fire Marshal Office, all nursing home facilities are required to report a fire incident to both agencies within 24 hours of the incident.

In effort to streamline the process, the Division of State Fire Marshal, Code Enforcement Bureau is implementing an on-line reporting system. The new reporting system will begin operation on Aug 30, 2024. After October 1, 2024, paper copies will no longer be accepted unless there are extenuating circumstances. This new streamlined process will also send report to the ODH at the same time it sends report to the State Fire Marshals office. This will meet all mandated reporting requirements.

Attached is the information on the new reporting system, including how to log-on and how to record the fire report.

If there are any issues logging onto new online service, please contact Code Enforcement Bureau at 614-728-5460 and we will be happy to assist you.

Sincerely,

Alan Smith

Alan Smith, Bureau Chief Code Enforcement Bureau

This guide will explain how to create an account on the State Fire Marshal's Portal and how to submit a Nursing Home Fire Report.

1. Go to https://sfmengage.com.ohio.gov
