

Addressing Violence in Healthcare

Aggressive & Violent Behavior in Healthcare Training Series

Participants will gain a comprehensive understanding of the complexities surrounding violence in healthcare from both clinical and administrative perspectives. The session will delve into effective risk mitigation strategies and best practices, providing attendees with actionable insights to enhance safety and security within their organizations. Additionally, participants will benefit from the sharing of valuable insights and experiences from industry experts, fostering a collaborative environment for learning and growth. The discussion will be moderated by Alec Fruin from the Healthcare Practice Group at Acrisure

Key Topics and Speakers

Clinical Perspective | Tammy Cassidy, Senior Practice Director at Engage Consulting
Types of violence in healthcare settings, impact on patient and worker safety, case studies

Risk Mitigation | Jason Russell, Founder and President of Secure Environment Consultants
